Here and There

What a practical newspaperman finds interesting on a cruise around the world in the Canadian Pacific flagship Empress of Britain can be counted upon to capture the imagination of stay-at-homes. Last winter Alan Maurice Irwin, a Montreal writer, made the cruise. He saw intriguing places, outstanding people and strange customs. So he sat down and wrote a book which is illustrated by photographs he made with his own camera, filled with amusing sidelights upon humanity. Now, under the comprehensive title "—and ships—and sealing wax," the book is on Macmillan's fall list.

That United States investors' capital would flow into Canada in an even greater volume is the prediction of John R. Hastie, of the Mutual Life of New York office in Chicago, speaking before the Life Underwriters Association of Toronto, at the Royal York Hotel recently.

The cream of American baseball players is scheduled to sail from Vancouver October 20, aboard the Canadian Pacific liner Empress of Japan, for an all-star tour of Japan, China and the Philippines. Judge and Mrs. Kenesaw Mountain Landis may also be in the party.

Photographed in a group for the first time since they were "shot" on their arrival in Canada a few years ago, His Excellency the Governor-General, Her Excellency and their elder son and daughter were snapped on board the Empress of Britain just before Lady Bessborough and her son and daughter sailed for Europe recently.

Appropriation of one dollar was made recently by the Vancouver City Council as the nominal price for the purchase from the Canadian Pacific Railway of 1¼ acres of right-of-way property at Kitsilano Beach, near the British Columbia city.

The first McIntosh apples of the season for distribution throughout the Dominion from Victoria to Halifax went out recently over Canadian Pacific lines in trains of 45 cars. The fruit is reported to be in wonderful condition and this season's product will maintain the great reputation that British Columbia has won for its apples.
